

Confirmation Banners

34" long by 21" wide

- Name of confirmand at the top
- Use verse or paraphrase of verse
- Have Bible reference at the bottom
- You may place a Christian symbol/s on the banner
- You may use color/s of your choice

In buying your choice of colored felt:

If your felt is 36" wide, buy one yard of material and use the extra material to make loops to hang banner on dowel. Cut 3 loops 1 1/2" wide & 4 1/2" long (this includes two 1/2" hems). If you buy 72" wide felt, buy 1/2 yard and use extra material for loops. Don't forget you will need wonder-under and different colored felt for letters and symbols. If you add trim at the bottom, be sure the total length does **not** exceed 34". Banners need to be **ready to hang** with cord, wooden stick (couldn't think of term).

You can be creative in various other fabrics for your Christian designs,

Felt is also one of the easier fabrics for lettering because it doesn't ravel. A dowel cut to appropriate length and cording to hang the banner will also need to be purchased. Please contact the church office 948-1018 with questions, ideas, etc.

Samples of Christian symbols are available in various books, catechism, and on-line under banners-Christian symbols. Liturgical colors include: white, red, green, purple, blue, black, scarlet, gold, etc.
